PSA DEFINITION

PSA Definition of Black and White Photography (Monochrome)

An image is considered to be Monochrome only if it gives the impression of having no color (i.e. contains only shades of gray which can included pure black and pure white) OR it gives the impression of being a grayscale Images that has been toned in one color across the entire Image. (for example by Sepia, Red, Gold, etc)

A grayscale or multi-colored Image modified or giving the impression of having been modified by partial toning, multi-toning or by the inclusion of the spot coloring does not meet the definition of monochrome and shall be classified as a color work.

PSA DEFINITION OF PHOTO TRAVEL

"A Photo Travel image must expresses the characteristic features or culture of a land as they are found naturally. There are no geographic limitations. Images from events or activities arranged specifically for photography, or of subjects directed or hired for photography are not appropriate. Close up pictures of people or objects must include features that provide information about the environment. Techniques that add, relocate, replace or remove any element of the original Image, except by cropping, are not permitted. The only allowable adjustment are removable of dust or digital noise, restoration of the appearance of the

original scene, and complete conversion to grayscale monochrome. Other derivations, including infrared are not permitted. All allowed adjustments must appear natural.

PSA DEFINITION OF NATURE PHOTOGRAPHY:

Nature photography is restricted to the use of the photographic process to depict all branches of natural history, except anthropology and archeology, in such a fashion that a well-informed person will be able to identify the subject material and certify its honest presentation. The story telling value of a photograph must be weighed more than the pictorial quality while maintaining high technical quality. Human elements shall not be present, except where those human elements are integral parts of the nature story such as nature subjects, like barn owls or storks, adapted to an environment modified by humans, or where those human elements are in situations depicting natural forces, like hurricanes or tidal waves. Scientific bands, scientific tags or radio collars on wild animals are permissible. Photographs of human created hybrid plants, cultivated plants, feral animals, domestic animals, or mounted specimens are ineligible, as is any form of manipulation that alters the truth of the photographic statement.

No techniques that add, relocate, replace, or remove pictorial elements except by cropping are permitted. Techniques that enhance the presentation of the photograph without changing the nature story or the pictorial content, or without altering the content of the original scene, are permitted including HDR, focus stacking and dodging/burning. Techniques that remove elements added by the camera, such as dust spots, digital noise, and film scratches, are allowed. Stitched images are not permitted. All allowed adjustments must appear natural. Color images can be converted to greyscale monochrome. Infrared images, either direct-captures or derivations, are not allowed.

Images used in Nature Photography competitions may be divided in two classes: Nature and Wildlife.

Images entered in Nature sections meeting the Nature Photography Definition above can have landscapes, geologic formations, weather phenomena, and extant organisms as the primary subject matter. This includes images taken with the subjects in controlled conditions, such as zoos, game farms, botanical gardens, aquariums and any enclosure where the subjects are totally dependent on man for food.

The sponsors of this International Exhibition of Photography have been awarded Recognition by PSA, the world's largest patron of international photographic exhibitions. PSA, although it has provided Recognition, is neither a sponsor nor directly involved in the operation of this exhibition.

Acceptances received by PSA Members in approved sections of this exhibition are eligible for PSA Star Ratings, listing in the worldwide PSA Who's Who of Photography and credited toward the PSA Distinctions PPSA, EPSA, MPSA and GMPSA.
